

## PRILOGA 2

### My toys

I'm Dani.

I've got a lot of toys.

Some are new and some are old.

I've got a robot, a train, a red car,

three balls, a kite, a puzzle,

four board games ...

My toys are in a big box.

I like all my toys very much.

### My favourite toy

My favourite toy is a robot.

It's new and it's cool.

My robot can walk and talk.

Its name is Robo.

I like to play with Robo in the evenings.

My little brother likes my Robo, too.

Sometimes we play with it together.
